Request for Clarification

The reply filed on 02/09/2006 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

In the remarks section of the amendment, applicant states that none of the cited references discloses **"a balloon catheter having a flexible elongate element and an elastic member distinct from the flexible elongate element for coupling the distal extremity of the flexible elongate element to the catheter shaft of the inflatable portion of the balloon and for permitting the flexible elongate to move radially outward as the balloon is inflated"**. However, the above statement provides no reference to the specification. Accordingly, in order to expedite the prosecution of this application, the examiner requests applicant to indicate the areas of the specification that support this statement. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Manuel Mendez whose telephone number is 703-272-4977. The examiner can normally be reached on 0730-1800 hrs.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mr. Nicholas D. Lucchesi can be reached on 571-272-4977. The fax phone
